Blyth Academy Qatar Code of Conduct

All students must understand and follow the school code of conduct as outlined below. Students that show themselves incapable of our trust and who are unable to behave in a responsible manner will face appropriate consequences and per the Harassment and Violent Behavior Policy.

Blyth Academy Qatar is committed to providing a healthy learning and working environment by promoting respect, civility, safety, responsible citizenship and academic excellence. A positive school climate exists when all members of the school community feel safe, included and accepted and actively promote positive behaviours and interactions. Equity, inclusion and respect are critical components embedded in the learning environment.

The Code of Conduct is developed in accordance with the Education Act, the Provincial Code of Conduct, and all other Blyth Academy operational procedures. It also reflects the values and expectations of the broader Blyth Academy community.

Procedures

The following procedures are intended to assure the wellbeing of students while attending BAQ by setting out expectations and limits to be adhered to. If such limits are breached the following discipline procedure will occur. The process below may vary depending on the seriousness of the behaviour:

1. Verbal discussion between student/teacher. Administration may be involved.
2. Administration is formally involved in investigation and discipline procedures.
3. Student and parents are called in and final verbal warning will be issued.
4. Students and parents are issued a written warning about student’s behaviour which will be put on a student’s permanent record.
5. The final decision regarding student conduct is placed with the Head of School. Expulsions will be discussed with Head Office in Toronto prior to a final decision being made.
6. All School personnel must record all incidents of bullying and/or unwanted behavior and the action taken for each incident. All incidents shall be recorded in a timely fashion, immediately when possible and documented in the following google drive folder;

Standards of Behaviour

Respect, Civility, and Responsible Citizenship

All members of the school community must:

- respect and comply with all applicable federal, provincial, and municipal laws;
- demonstrate honesty and integrity;
- respect differences in people, their ideas, and their opinions;
• treat one another with dignity and respect at all times, and especially when there is disagreement;
• respect and treat others fairly and promote a positive school climate that is inclusive and accepting of all pupils, including of any race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, gender identity, gender expression, age, marital status, family status or disability;

• take appropriate measures to help those in need; seek assistance from a member of the school staff, if necessary, to resolve conflict peacefully;
• respect all members of the school community, especially persons in positions of authority;
• respect the need of others to work in an environment that is conducive to learning and teaching; and not swear at a teacher or at another person in a position of authority.

Safety

All members of the school community must not:
• commit sexual assault;

**Progressive Discipline**

When students breach the Code of Conduct, consequences will be consistent with Blyth Academy’s Progressive Discipline policy. Progressive discipline is a whole-school approach that utilizes a continuum
of interventions, supports, and consequences to address inappropriate student behaviour and builds on strategies that promote positive behaviours. When inappropriate behaviour occurs, disciplinary measures will be applied within a framework that shifts the focus from one that is solely punitive to one that is both corrective and supportive. Blyth Academy will utilize a range of interventions, supports, and consequences that include learning opportunities for reinforcing positive behaviour while helping students to make good choices.

Expulsion

Again, by deliberately choosing to act in ways not acceptable to the Code of Conduct of BAQ, students choose to expel themselves from our school. Administration will investigate serious accusations thoroughly and objectively. In some circumstances, the student may have the opportunity in the presence of a parent to withdraw from BAQ or, the Head of School in consultation with Blyth Head Office may decide that there are sufficient grounds to proceed with expulsion. Harassment and Violence Policy

A. Purpose of the Policy

BAQ is committed to providing a safe learning, living, and working environment for its students, faculty, staff, affiliates and visitors. In this regard, BAQ will take reasonable action to provide an environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior. These behaviours are often referred to as ‘bullying’. BAQ has a Zero Tolerance policy for violations of these standards of care.

B. Policy Statement

BAQ will not tolerate violence, threats, harassment, intimidation and other disruptive behavior on its campus, at off-campus locations, such as CNAQ, administered by or associated with BAQ, or in its programs, whether by students, faculty, staff, or visitors. Such behavior may include any unwanted physical contact, oral or written statements, gestures, or expressions that communicate a direct or indirect threat of physical harm or intimidation. Individuals who commit such acts will be subject to sanctions including, but not limited to, removal from the premises; exclusion from the premises; corrective and/or disciplinary action; suspension or expulsion.

C. Procedures

In order to effectively implement this policy and maintain a safe campus environment, BAQ urges individuals who experience or witness violent behavior on campus or in school related programs to report it immediately to the Head of School.

All reports of incidents / violations will be taken very seriously and be dealt with immediately. Information regarding incidents of violent conduct and/or threats of violence will be fully investigated, documented, and, if warranted, forwarded to the authorities for their investigation.

BAQ may refer individuals accused of making threats of violence for an independent assessment of the likelihood that they will act on a threat of violence. If the continued presence of an individual on campus threatens or disrupts the conduct of school business, the individual may be suspended from participation in BAQ programs or activities pending the outcome of an assessment.

Individual members of the BAQ community who receive threats of bodily harm or who are the targets of harassing or stalking behaviors are urged to contact the Head of School and/or Police Department and to avail themselves to services offered by student counseling offices.

Every effort will be made to respect the privacy of all individuals involved in these matters. However, the necessity to protect public safety may require the disclosure of otherwise confidential information. All such decisions will be reviewed, approved and authorized by the Head of School.
In most cases, reported behaviors may not constitute violations of the law which require police action, but may be violations of BAQ school policies. In these circumstances the BAQ Resolution Process will refer persons to alternative resources for assistance, e.g.:

- **Faculty misconduct**: The Head of School & Director of the Division can provide advice, guidance and assistance if a faculty member is suspected of engaging in inappropriate behavior.
- **Employee / Contract Worker / Service Provider misconduct**: The Head of School & Director of the Division can provide advice, guidance and assistance if an employee or contract worker is suspected of engaging in inappropriate behavior.
- **Student misconduct**: In the event a BAQ student is suspected of engaging in inappropriate behavior, the Head of School & Director of the Division will be available to provide advice, guidance and assistance.
- **Victim Support**: Victims of inappropriate behaviors or violations of this policy will be provided avenues of assistance to support their needs for resolution.

Equipment is shared, and all users are asked to follow the user policy for everyone’s benefit.

1. The school’s technology resources should be used for school-related tasks.

Student Awards

Rational: Blyth believes students should be recognized for their achievements. BAQ policy will be a living document and revised as needed.

Awards:

Subject Awards: are given to the student with the highest grade. These are awarded in all subjects that are taught for a minimum of 3 blocks per week.

Honour Society: Students in grades 7-12 with an average of 80% or higher. Calculated using all subjects.

Honours with Distinction: Students with an overall average of 90%. Calculated using all subjects.

Improved Student Award: The student who demonstrates an improvement in academic standing and attitude towards their learning. This award is selected by the teacher and is limited to 1 student per class. This award may not be awarded annually and is awarded only when a suitable candidate is identified.

House Champions: Is awarded to the House with the highest point total as of June 1 of each school year.

There will also be various awards given to graduates at year end.

Staff Dispute Resolution Policy

Rationale: While rare, there are times when staff members may have professional disagreements. BAQ suggests the following 3 step procedure be followed to resolve professional disputes.

1. Disputes of a personal nature should remain out of the school environment and not affect one’s performance as a teacher or member of Blyth Academy Qatar staff. Disputes of a personal nature may require the support for the employee assistance program offered in the BAQ benefits package.

2. Individuals are to do all in their power to resolve disputes working collegially and professionally to arrive at a solution agreeable to all parties.

3. If a dispute cannot be reached the assistance of the division leaders may be required. If the mediation of the division leaders is not enough, the matter should be referred to the Head of School for resolution. The decision of the Head of School regarding professional matters is final.

4. If the conflict involves the Head of School the matter may be referred to Blyth Head Office.
Student Assessment and Evaluation Policy

Blyth Academy will follow assessment and evaluation procedures outlined by the Ministry of Education of the Province of Alberta.

1. Teachers will only assess learning outcomes for the purpose of summative evaluation. They will assess learning skills and provide formative evaluation using sound professional judgement using multiple tools and techniques.

2. Assessment of Student work will be conducted in 3 ways:
   - Conversations
   - Observations
   - Products

   *Conversations:* Students may demonstrate their learning through conversations with their teachers, this may include oral tests, student/teacher conferences or casual conversations where, in the teacher’s professional judgement, the student has demonstrated mastery of the learning outcomes.

   *Observations:* Teachers may use sound professional judgement and observations to assess and evaluate students. Observation will also be used to evaluate learning skills and social conduct.

   *Products:* Teachers will use student products to provide formative and summative assessments. Products should come in a variety of forms such as tests, displays, artwork, videos etc.

Assessments

1. Teachers will use a variety of assessment tools to evaluate students. Evaluation tools should take into consideration a variety of learning styles and provide multiple opportunities for students to demonstrate their learning.
2. Summative Assessments will be of prescribed learning outcomes only.
3. Formative assessments may include other areas important to learning such as organization, effort, attitude, behavior etc.

Late Work

1. Students are required to submit work according to the agreed upon deadlines. Student may request an extension before the deadline from the teacher, and if in the ‘judgement of the teacher’ an extension is warranted it may be granted.
2. **Parents should be contacted if a student repeatedly does not meet deadlines.**
3. A teacher may deduct late marks after careful counselling and consideration. Late penalties are not to exceed 5% per day to a maximum of 15%.
4. A '0' may be granted for work not submitted however the following procedures are required:
   - Discussion with student encouraging submission and possible consequences
   - Contact with parents has been made
   - Alternate deadlines have been considered
Consequences are grade specific, i.e. more tolerance in lower grades less tolerance for senior grades

5. Assignments and tasks assigned in the first half of the term will NOT be accepted once the mid-term report grades have been calculated. The teacher may assign a grade of ‘0’ if the above procedure has been followed or may provide an alternate assignment or deadline, if in their judgement, it is warranted. Assignments and tasks will not be accepted in June after final grades are calculated.

Homework

In recognition of the need for children to have a well-balanced variety of experiences academically and socially, the need to have quality family time and the opportunities available to children in the community, BAQ will endeavor to keep homework assignments reasonable in terms of frequency and quantity at the various grade levels. The length of time spent by students on a specific assignment will vary depending on his/her ability, skills, and pace of work. Homework should be completed by the student independently although parents are encouraged to monitor their child’s homework and help when it is appropriate. The expectation is that homework must be completed when assigned by the teacher.

Homework is an integral part of a student’s academic life however research shows that homework should be specific and kept to a minimum. As students’ progress in grades, the amount of homework becomes greater.

In general terms per night;

- Primary (Kindergarten to Grade 3 students, will spend 15 minutes on school activities (nightly reading, reviewing or finishing class work, etc).
- Elementary (Grades 4 – 6) students, will spend 30 minutes.
- Junior High (Grades 7 – 9), students will spend 1 hour, and
- Senior High (10-12) students, will spend more than this.

Homework assigned is expected to be completed and the students are expected to come to school each day prepared for classes. If no homework is assigned students are encouraged to take time to review notes and read.

**Homework is NOT graded** (summative) and is used to practice and determine mastery of learning outcomes. **Homework is NOT used to introduce new material**, although reading ahead in preparation for class is reasonable. Homework must be considered in totality and teachers must be aware of a student’s total workload. **Homework is NOT to be assigned over long weekends or holidays.**

Scheduling of Assessments

Teachers are required to post significant (requiring student preparation time) assessments on the school outlook (email) electronic calendar. **Students should NOT have more than 2 assessments on any given day and reasonably no more than 4-5/week.** Teachers should make an effort to work around other school activities that demand students’ time such as drama, sports and field trips.
These activities are to be posted on the outlook calendar as well. Assessments that are NOT posted will not be given priority and teachers will have to work around the calendar as posted to find suitable times that do not contradict the above policy (2 daily and weekly). Teachers should plan as much as possible to develop an assessment schedule that respects student workload (i.e. avoid multiple assessments just prior to the end of the term).

**Absenteeism from Assessment**
Generally, students should take any missed assessment the first day upon return, however this is subject to discussions with the classroom teacher. In the case of an absent student, teachers may disregard the above policy statement (number of assessments per day) and use their professional judgement. If a pattern of absenteeism on assessment days occurs parents are to be contacted and a doctor’s note provided before the assessment can be completed.

**Grading**
Teachers are required to grade and return assessments in a timely manner. For short answer, fill in the blank style assessments papers should be graded and returned within 48 hours. Essay style assessments should be graded within the week depending on the nature of the assessment.

Teachers are to keep a ‘real time’ grade book and students and parents should have access to their ‘real time’ grade upon request. Students are not to be denied access to their grades.

Student achievement is confidential and is NOT to be shared with others without the consent of the student. Marks are not posted.

**Assessment of Student Work**

Rationale: “the primary purpose of assessment is to improve student learning.” Assessment information is also used to:

- enhance instruction to students
- assures that the education system is meeting the needs of students
- achieve the outcomes of the Ministerial Order on Student Learning, where students develop 21st century cross-curricular competencies and are able to:

1. Know how to learn
2. Think critically
3. Identify and solve complex problems
4. Manage information
5. Innovate
6. Create opportunities
7. Apply multiple literacies
8. Demonstrate global thinking
9. Demonstrate good communication skills and the ability to work cooperatively with others

• Opportunity to redo the work at the teacher’s discretion
